

REMOTE DEPOSIT ANYWHERE

RDA

The influx of stimulus deposits has begun. For those clients who will not receive their stimulus checks by direct deposit, the paper checks are expected to be mailed in the next couple of weeks. In anticipation, we want to make sure you are prepared to deposit your check via our mobile deposit platform "Remote Deposit Anywhere" (RDA).

Please see below for important information regarding our mobile banking app and RDA.

REQUIREMENTS

In order to utilize our Remote Deposit Anywhere (RDA) platform, you will need to be a current online banking user, and will need to download our mobile banking app from Google Play or from the Apple App Store. If you are not an online banking customer and would like to be, email hereforyou@meadowsbank.com and a member of our team will be happy to assist you.

FEES

There is no cost for using our online banking service, mobile app or mobile deposit platform.

CUTOFF TIMES

The cutoff time for a mobile deposit is 4:30 p.m. PST, Monday through Friday. Any deposits made on weekends, holidays or after 4:30 p.m. PST will be processed on the following business day.

AVAILABILITY

Deposits made prior to 4:30 PST on a normal business day will post to your account that evening during end of day processing, unless your branch determines a hold is necessary. If a decision is made to place a hold on your deposit, you will be notified by your Branch Manager.

TWO PARTY CHECKS

In the event that your check is made payable to two people, both payees are required to be listed as account holders on the account the deposit is being deposited into and both payees are required to endorse the back of the check. Checks that are not endorsed by both parties, or include a payee that is not an authorized account holder, or are titled "For the Benefit Of (FBO)" or "In Trust For (ITF)" will be rejected by a member of our banking staff.

If you have not yet received your stimulus check, you can track your payment via the IRS website at: <https://www.irs.gov/coronavirus/get-my-payment>
